

ADAPTER FOR MR. OLIMPIA MANHOLE LIFTER

Overview

The Mr. Olimpia Manhole Lifter Adapter is a wheeled tool for use with the magnetic Mr. Olimpia Manhole Lifter. Thanks to its wheels and lever mechanism, it facilitates lifting and repositioning of manhole covers with minimal effort for the operator.

Characteristics

Thanks to the lever mechanism, lifting the lid requires minimal pressure on the handle, protecting the spine and allowing the operator to manipulate the lid safely and with minimal effort. The flexible design of the fastening system allows for quick and easy assembly and disassembly of the adapter, as well as continuous adjustment of the lever length on the magnetic lid lifter according to lid size and ground conditions. Large solid rubber wheels make it easy to move the cover even on partially uneven ground.

The Mr. Olimpia manhole lifter adaptor meets the requirements of occupational health and safety regulations and guidelines by significantly reducing strain on the body when lifting manhole covers.

Advantages

- Quick and easy attachment to the Mr. Olimpia manhole lifter
- All metal parts are made of stainless steel
- Large solid rubber wheels - Ø200 mm
- Rubberized handles, safety reflector element
- Compact dimensions: 120 x 30 x 20 cm
- Tool weight: 6.3 kg
- Weight of Mr. Olimpia tool set with tumbler: 11 kg
- No parts could be lost
