

WARTHOG WHR MAGNUM SWITCHER

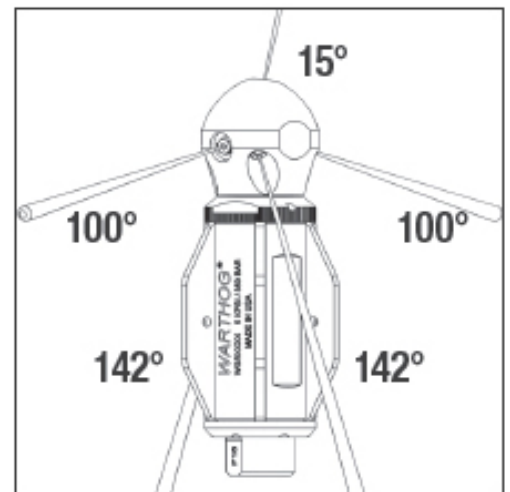

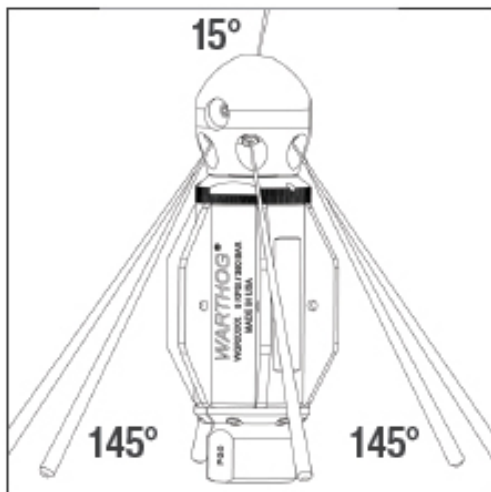

Overview

The Warthog Magnum Switcher nozzle is two tools in one. Switch between pulling or cleaning without removing the nozzle from the pipe. When the pump is idled down and brought back to pressure the tool will switch the water flow between two different sets of jets.

Characteristics

FEATURES

- Two tools in one - both puller and descaler
- Saves time and water
- Switch jet patterns without ever leaving the pipe
- Customized jetting for each mode of operation
